President of United Railroads Refuses Help of Outsiders.

Says Carmen Coolly Spurned Arbitration and Opportunity Is Passed.

Sounds Slogan of Individual Rights Over Grave of Defunct Union.

committee this afterated. Concelliation
Committee this afteration in the dove
commony and "the Carmen's Union, I impelled to attend the meeting, although the members of that commitcoms was shy and would not light. The
Governor was not personnily present,
being called away to Sacramento. The
foremost labor leaders of San Francisco were there, however: also Bishop
Nichols of the Episcopal church, and
several other priests.

Details of the meeting were guarded
more closely than a grand jury report. Mr. Calboun is known to have
met with courtesy from the labor
men. He made an address, stating the
position of his company with such
clearness and force that no one could
give him any adequate answer. He
left before the meeting adjourned.
When stopped by an army of newpaper reporters, Mr. Calboun said be
had agreed not to give out any of the
proceedings. He absolutely declined to
be interviewed. In order that his position shall not be misunderstood, however, Mr. Calhoun issued a writtee.

Men stopped by an army of newpaper reporters, Mr. Calhoun said be

# CARDINAL ON MOTHERHOOD.

WASHINGTON. June 3.—[Exclusive Dispatch.] Cardinal disadopted the race-suicide ideas of the President and in an address at the commencement exercises of the St. Cacella Academy at the Columbia Theater here, advised the girl graduates of the high estate of the mother. "Young women," said the cardinal, "you have a great mission before you. You must save this country from irreparable injury by sanctifying and making pure the home.

"Most women's mission upon this earth is to become wives and mothers, as well as daughters, and when they take up their new life they become the rulers of the home.

"Without a home circle, pure and sacred, no nation can become great. So, young ladies, I say that this country's future lies in your hands and the hands of those like you. Make the home an asylum of comfort and peace, where your brothers and fathers and husbands can spend their evenings in comfort."

RULES FOR ASSESSORS.

BOARD ISSUES CIRCULAR.

IN THE ASSOCIATED PRISSS.—IN THE STANCISCO, June 5.—The State Board of Equalization has issued circulars to the assessors of every county, that the assessment of corporations must be made in accordance with sections 2608, 2607 and 3510 of the Political Code.

The plan inaugurated by Assessor Dodge of San Francisco five years ago of assessing franchises is to be followed. He succeeded in adding 25,000, 200 to the city's roil in the year 1906, and the income by the State will be proportionately large. Dodge's assessment was fought to the Supreme Court, which finally decided that the San Francisco Assessor was correct in his contention.

COOPER'S HEAD SAFE.

WILL REMAIN COMMISSIONER.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, June 5.—[Exclusive Dispatch. Gov. Gillett today denied that State Horticultural Commissioner Elwood Cooper is to "get the ax." On the contrary, the Governor says, his relations with Cooper are cordial and he desires Cooper to retain his present position for a time at least. Cooper's term expired last April and the Governor has taken no steps towards appointing his successor, Cooper, however, has for some time desired, to relinquish his position. He is getting well along in years and prefers to give up public life and retire to his farm at Santa Barbara.

It is said when the time comes for Cooper's retirement J. W. Jeffrey of Low Angeles will probably be appointed his successor.

MAIL STEAMERS RENAMED.

SAN FRANCISCO, June 5.—The Pacific Mail Steamship changed the names of its steamers Doric and Coptic to Asia and Persia, respectively. The change is in accordance with the company's plan of giving the names of Oriental countries to its vessels.

SAN FRANCISCO, June 5.—The Executive Committee of the Aliled Commercial Associations, which has undertaken the solution of the difficulties between the Spring Valley Water Company, its rate payers and the city, has received from the water company an offer for the sale of its entire plant to the city in accordance with the plan of long-term option adopted at the first meeting of the committee. The exact sum for which the Spring Valley company agrees to deliver all its properties to the city is not available for publication, but it is known that it is approximately the total par value of the bonds and stock of the corporation which amount to 34,000,000.

Garfield Coming West.

SAN FRANCISCO, June 5.—Lewis E. Aubury, State Mineralogist, said today that James R. Garfield, Secretary of the Interior, will visit this State in August, with Gifford Pinchot, government forester, to investigate the conduct of the forest reserves. Garfield, who is in Colorado, will attend the public lands convention at Denver, on June 18, and will reach this State in August, when he will investigate the conduct of the various land offices throughout the State, as well as the different reclamation and irrigation projects.

VEGETABLE PRICES SOAR.

Unusually Cold Weather Hurts Crop and Chicago Housewives Face Serious Famine,
[BY DIRECT WIRE TO THE TIMES.]
CHICAGO, June 5.—[Exclusive Dispatch.] On account of the unusually cold weather this spring, housewives are complaining, vigorously because of

them.
To start with, the prospects are that there will be hardly any peaches. South Water street commission merchants declare that this is the most uncommon year, in a weather way, the street has experienced.

Green beans and wax beans, which

Green beans and wax beans, which a year ago sold for about \$1 to \$1.25 a ease, are bringing \$2.50 to \$3 a case. Cabbage sold last year in large crates for \$2 to \$8.50, while now \$3.75 to \$4 is considered the right price.

About a quarter crop of peas is expected, and the price today is from \$2 to \$2.25 a case, as compared with 75 cents to \$1 a year ago.

## CTRIKE PICKET IS PUNISHED

SEATTLE JUDGE MAKES PLAIN WORKINGMAN'S RIGHTS.

Distance Between Location of Plant Where Strike Exists and Picket of Disaffected Men Does Not Enter Into the Matter—There

EST DIRECT WIRE TO THE TIMES.]
SEATTLE, June 5.— Exclusive Dispatch.] George Peters, a member of the Longshoremen's Union, was employed by striking machinists to parade with a banner in front of the shipyards of the Moran Company.

He was fined \$35 today for contempt of court for ignoring the mandate against picketing the shops.

Judge Albertson, who inflicted the fine, held that carrying a banner warning away strike-breakers was not such a peaceable argument to men to change opinions, such as he would countenance. INY DIRECT WIRE TO THE TIMES.)

Peters was stationed by officers of the Machinists' Union, who made him parade 300 feet away from the com-pany's plant, but Judge Albertson held the distance was not material.

Embroideries

15c

# Over 500 Skirts at One Price, \$4.00

\$1.25 Peau de Soie 8 to 10 A. M. At 78 Cents Yard

The department manager sends this out as a leading value for today. Los Angeles' greatest silk store is taking new strides ahead. Ivory, white and cream; 36-iach peau de soie. Just the silk for evening waists and costumes. Every piece perfect. Regular \$1.25 values, 8 to 10 a.m., today, while it lasts, 750 varies.

75c Taffeta at 39c FROM 10 A. M. TO 12 M. ONLY

A manufacturer's stock bought at a ridiculously low price, grouped with several incomplete lines from our own regular stock that are marked in some cases \$7.50 and \$8. Every size including out sizes. The Department Manager's sale and one of the greatest skirt offerings we have ever made.

A great majority of them new, full pleated models, made of plaid and fancy mohair and panama cloth. Plain brown, black, navy, and pretty fancy checks.

They are going out today at \$4.00. If you want a new skirt, it's a chance you should not overlook, for the department manager has put his whole soul back of the effort, and provided the most exceptional values we've seen in many a day. Come to the second floor. The skirts will be on sale promptly at 8 o'clock in the morning.

20 Per Cent. Off On All Our

# BOWKER BEATEN BY DRISCOLL.

LONDON, June 5.-In a box-ing carnival at the National Sporting Club tonight Sam Langford and Sam McVey, Americans, easily got the best of their British opponents. Langford knocked out Jeff Thorn in the first round, and McVey put away Ben Maylor Jim Driscoll defeated Joe

Bowker, the bantam fighter, in the seventeenth round.

Congratulations.

(BY DIRECT WIRE TO THE TIMES!
LONDON, June 5.—(Exclusive Dispatch.) Richard Croker today won the classic Derby at Epsom and gained the ambition of his life, his coit Orby, bred from an American dam, and ridden by an American fockers, Johnny Reiff, having beaten all the artitlah cracks and captured the blue ribbon of the world's turt by two lengths. His time was 2:44. His odds were 190 to 9.

Wool Wilder, at 190 to 9. ridden by Madden, the English jockey, was sectored, and Sileve Gallion, at 23 to 8, an Irish horse, ridden by Juney Maher, as fourth. Nine horses started.

Never in the history of this classic has there been such an un-English Derby, for Orby, owned and ridden by an American citizen, was bred and trained in Ireland, and the first horse wholly trained in Ireland to win the premier English race.

King Edward, it is said, backel, Orby. Lord Marcus Beregford, who manages His Majesty's racing affairs, stepped into the ring just before the parade for the race and booked a bet, laying 1000 pounds to 80 pounds on Orby.

Many aristocrats wagered countless thousands of pounds on the favorite. Sileve Gallion and will have a terrible settling on Monday, for the favorite. Sileve Gallion and will have a terrible extiling on Monday, for the favorite. Sileve Gallion and will have a terrible extiling on Monday, for the favorite. Sileve Gallion and will have a terrible extiling on Monday, for the favorite. Sileve Gallion and will have a terrible extiling on Monday, for the favorite considered unbeatable, was backed as one of the best things known in racing.

It is the custom as old as the Derby fixed that the owner of the winner in after the race. He always is met at the gates of the weighing enclosure by the stewards of the Jockey Club, the most event shall lead the winner in after the farmal hour, has to run a gauntled to the handshakes from dukes, million and hand honor, he is sent the farmal hour, he is sent the farmal hour has to run a gauntle of handshakes from dukes, million and the first ho

# DEFEAT GIANTS BY BATTING "MATTY" In the sixth one run came to Los Angeles, and Jack Bilss drove two home for Oakland by a pretty drive to the left-field fence. Bigbee was permitted to the up the score in the seventh on his single, a sacrifice by Devereux, and a smash to right by Jim Smith. That was the way matters stood in the ninth. Carlisle headed the batting list and its home run was of the home-made kind, and the real stuff. No soner was he around the bases than Dillon stepped to the plate and received a terrible beating at the bats of the Cubs, today. They fairly murdered the ball and accumulated fifteen hits in eight innings of earnest endeavor. At that the Giants, through a vigorous start, held their foos even for six the ninth, but accompliabled nothing and the crowd went yelling loyously from the field. The score: CHICAGO. Brown, after the first inning, did well and was finely supported. An immense army of fans saw the battle. Secret. AB R B.H. F.O. Section of the pepper out of him and he as good as quit right there. In the sixth one run came to Los Angeles, and Jack Bilss drove two home for Oakland by a pretty drive to the left-field fence. Bigbee was permitted to the up the score in the ninth. Carlisle headed the batting has a thick headed the batting has been record a terrible beating at the batte of the long of the compliance of the long of the property of the compliance of the long of

Innings and only fell before the onplaught in the seventh.

Brown, after the first inning, did well
and was finely supported. An immense
army of fans saw the battle, fleoding
the stands and crowding into the field.

Good order was maintained, aside
from a few lemons tossed at McGraw,
New York burst into the game with
a rattle and a roar. Shannon drew
four balls and sharp singles were made
by Browne and Devlin, Shannon scoring. Evera made a doleful throw on
Seymour's rap and Browne came in.
The Cubs made a doleful throw on
Seymour's rap and Browne came in.
The Cubs made a fierce effort but
fell short one. Single singled, Tinkann, it
seins and China the server in the server in

**Butomobiles** 

Lee Motor Car Co.

Sprinter Charles Parsons has re-ceived an invitation to meet Dan Kelly, holder of the world's record in the 160-yard dash, on June 21, at the OLDSMOBILES Palace Touring Car, Gentleman's Roadster, Two-Cycle Car, Runabout.

H. O. HARRISON CO.

Parsons will go East with the All-California track team and prefers to meet Kelly on a track unfamiliar to either and among strangers. Moreover, he will have a chance at Kelly's world's championship at the eastern meet, while should he beat Kelly at Scattle the latter would still retain his fitile. Parsons has defeated Kelly once in ten flat and says he is willing to meet him again when a suitable opportunity presents itself.

The Scattle meet is under the auspices of the Scattle Athletic, Club and will be held on the University of Washington track on June 21 and 22. Superior Auto Co E. A. HUENE, Mgr. Agency for The Haynes tome F2779; Main 8908 130 E. NINTH

REAL ESTATE RECORD.

SHOWED THE MINISTER

And Got Him in Line.

"In a minister's family in Los Angel "In a minister's family in Los Angeles where I was visiting some time ago, the wife complained of serious indigestion and dyspepsia. She admitted that she used coffee and said she more than half believed that was the trouble. I told her that I knew it was, for I had gone through with the experience myself and had only been cured when I left off coffee and took up Postum Food Coffee. "She said she had tried the Postum, both for herself and her husband, but they did not like it. With her parmission, I made Postum next morning myself, and boiled it full fifteen minutes after the real boiling of the pot began. Then when it was served, it was a rich deep brown color and had the true flavor

after the real boiling of the pot began. Then when it was served, it was a rich deep brown color and had the true flavor and food value that every Postum maker knows. It is all folly to talk about trying to make Postum with one or two minutes' steeping.

"You can't get something good for nothing. Postum must be well boiled, and to keep it from boiling over, use small lump of butter, perhaps twice the size of a pea. That morning the minister and his wife liked Postum so well that their whole lives were changed on the question of diet and they abandoned coffee at once and for all time.

"Now, after a hard day's work they are comforted, refreshed, and rested by a cup of well-made Postum for supper. They are both enthusiastic in its praise. The wife has entirely recovered from her dyspepsia. I will not go into the details of my own case, except to say that I was a desperate sufferer with dyspepsia and discovered by leaving off coffee that coffee was the cause of it. I quickly got well when I took up Postum Food Coffee. I carnestly hope many more coffee drinkers may get their eyes open." Read, "The Road to Wellwille," in packages.

"There's a Reason."

BAN DIEGO. June 5.—[Exclusive Dispatch.] Jack Clifford of Butte was too much for Kid Krant of Seattle in last night's fight, knocking Krant out in the twelfth round. The contest was scheduled for twenty rounds. Both men were clever, although Clifford was

# PRONOUNCED BY ENGINEERS --- WONDERFUL --- SIMPLE --- EFFECTIVE

# Simmons Water-Softening

## A Wonderful Invention

The Simmons Water Softening Machine softens water and precipitates all incrusting

It prevents scale, pitting and incrustations steam boilers and condensers.

It treats the water by precipitating all chemicals contained in it having an affinity

It preserves the life of the boiler by preventing incrustations, thus increasing the power. It saves fuel and conserves heat. All these things are accomplished without

There is little need to explain that the usefulness and field of the Simmons Water Softening Machine is practically unlimited.

Scaling and incrustations in steam boilers has presented one of the most difficult prob-

lems that the manufacturers and users of steam boilers have had to contend with; and never until the Simmons Machine was invented has there been a satisfactory solution.

Consider the number of steam boilers in use in the United States; consider also that their use is universal, steady, and with no prospect of devaluation, but rather of constant increase.

Not stationary engine boilers alone but locomotives and steamships need the Simmons machine.

USE THIS COUPON IN MAKING

# J. HERMAN AAGAARD CO.

A Prime Necessity in Successful Operation-Earning a Large Income; Possessing an Estab lished Reputation and Gigantic Profit-Making Certainties; a Home Industry

This advertisement contains no extravagant statement. It is based upon actual, indisputable facts. The Simmons Manufacturing Company, which manufactures and controls the Simmons Water Softening Machine, is a home company, composed of well known Los Angeles and Southern California business men. We will gladly submit lists of manufacturing concerns where these machines are installed and in operation; also many original testimonial letters on file in our office:

The Simmons Manufacturing Company is organized as follows: A. J. Simmons, President; Dana Burks, Vice President; Stacy C. Lamb, Secretary and Treasurer; L. O. Leiber, O. M. Simmons, consulting engineers; Luther W. Bahney, consulting chemist.

There is no better permanent investment than the stock of a well-established, successful, income-producing industrial enterprise.

We strongly advise the purchase of the Simmons Manufacturing Company's stock as the best industrial investment on the market today. We say this after a most careful, rigid investigation of the enterprise and the conditions connected therewith.

When you buy stock in the Simmons Manufacturing Company you are securing a protected investment in a business that is producing an income, and that income growing larger every day.

You are buying stock of a company whose field is unlimited, whose output is based on a necessity; and the invention is securely protected by patents allowed and pending. The users of steam bollers throughout the United States must have the Simmons Water Softening Machine. They will have it.

The capitalization is small and the profit making certainties are enormous. Do not do yourself the injustice of allowing this golden investment opportunity to pass without careful consideration.

# The Price of the Stock is \$5.00 Per Share

We advise every intending purcher to avoid delay as much as possible, as there is no method of

depending upon the price being held at the present low price.

We will not sell less than fifty shares to a customer. Terms can be arranged upon application for time on a part of the purchase price.

We are not soliciting the get-rich-quick class of investors—but we will extend every business courtesy within our command to help out the careful and conservative investor who is seeking to establish an income.

J. HERMAN AAGAARD CO.

EDWARD J. MORAN, Manager 526-527 Stock Exchange Building,

411 So. Main St.

## A Great Income Produce

The Simmons Water Softening Mac s never sold. It is rented by the year, ducing a large and lasting income.
For instance, a one-inch machine res
\$100 a year; a 1½-inch machine for a a 2-inch machine for \$300; 4-inch, \$800; and larger sizes

ing to the volume and efficiency of the

ice rendered, the rental price ranging

\$1000 per year and upwards.
When you take into consideration number of boiler-using manufacturing p in the United States, it will be sen there is practically no limit to the angel of machines there are the states. nes that can be installed, or

income that may be secured.

Just by way of illustration: In one in May, 1907, orders were received for emachines to be installed in San Francis The capitalization of the Sir

ufacturing Company is only \$75,000.

A net earning of \$75,000 will pay a cent. on the total capitalization.

Simmons Water Softening Machine in operation in Los Angeles are earning amounts.

TODAY FOR FURTHER DETAILS

# J. HERMAN AAGAARD

terriers promise to be the feature of the show. There are more of these dogs entered than in any other class. Boylstone Prince promises to win in everything he is entered, as he has a splendid record. There are other good dogs, however, and there may be several surreless.

dogs, however, and there may be several surprises.

Moston Morone, the imported English buil, will not meet Moston Monarch, winner of firsts in the show given in Los Angeles by the Southwestern Kennel Club. Moston Morone comes with a great record from England, where he won his championship, As the English specialize on bulls, the honors should go to Morone.

Two exceptionally fine entries for the Pasadena Dog Show are Langley Chum and Langley Drag, English fox hounds from the Langley Kennels of Maj. W. Arthur Phipps of Pittsburgh. These two dogs took first and second in their class at the last show of the Southwest Kennel Club in Los Angeles, and are good enough to hold their own in any company.

# CIRLS' BASEBALL COMES TO STAY

FIRST GAME AT POLYTECHNIC I

to Enthusiastic Were the Players That After the First Contest Another is Arranged Immediately.

Excitement Runs High—Night School Wins Over Gym Team.

Giris' baseball was inaugurated at Polytechnic, last night, with a five-inning game between the nines of the day and night schools, which the night students won with a score of

So popular was the contest that at its close, when the cheers had subsided sufficiently for the captains to confer, a second game was started. This time the tables were turned and the day-school team won the three-ingling contest with 7 runs to 3.

Excitement ran high throughout both games, and enthusiasm often got the better of good judgment, with many bad plays as the result. It was very evident, however, that the players had a thorough knowledge of the game and that with more practice they will be able to put up almost as tood a quality of baseball as the eams of boys.

Miss Gray, who pitched for the inning team, played an especially legarie. Her heavy batting was a long factor in making the large as of the night team, and her work retails in the large as of the night team, and her work retails in the large as of the night team, and her work retails in the large as of the night team, and her work retails in the large as of the night team, and her work retails in the large as of the night team, and her work retails in the large as of the night team, and her work retails in the large as of the night team, and her work retails in the large as of the night team, and her work retails in the large as of the night team, and her work retails in the large as the retail the large as the r

(BY DIRECT WIRE TO THE TIMES.)
CHEYENNE (Wyo.) June 5.—[Exclusive Dispatch.] So overrun is Cheyenas with imitators of Caruso that a
secre of determined husbands and
fathers have organized a vigilance
committee and have armed themselvesheavily to shoot the next man who insults a woman or girl. The formation
of the committee today brought to light
a number of recent assaults.

Because she refused to fiirt with one
of the "mushers" who make their
headquarters at the various corpers in
the heart of the business section, Mrs.
L'ary Johnson, wife of a prominent
business man, was slapped by the in-

owd Spends Days and Nights Outside of Land Office but Gets Thrust Aside by Fresher Mob.

FIGHTS INSURANCE LOANS.

Campaign Against Companies
Withdrawing.
[BY DIRECT WIRE TO THE TIMES.]

(BY DIRECT WIRE TO THE TIMES.)
GALVESTON (Tex.) June 5.—State
Insurance Commissioner Milner is determined that the insurance companies
which are withdrawing from the State
because of the Robertson Bill, shall
not reap a harvest off Texas investments and loans.

The Attorney-General's Department
backs him in his stand that no insurance company shall be allowed to conduct a mortgage and loan business
in Texas that has withdrawn its insurance business from the State.

The Robertson Law ordains that at
least 75 per cent, of the premiums
collected in the State shall be kept on
deposit within the State. The reqords show that the insurance companies have been doing a very profitable
mortgage and loan business, and that
they have advanced loans aggregating nearly \$10,000.000 in Texas, clearing
3 per cent, on the investments.

PLAN GRAND DISPLAY.

"Georgia Day" at Jamestown Expesition Will Be Greatest of Fair in
Showing of Warshipe.

[BY THE ASSOCIATED FRESS—A.M.]

NEW YORK, June 5.—Rear-Admiral
Exams, with the Connecticut, flagship,
the Ohio, the Iowa and the Indiana,
steamed today from the North River to
the rendezvous off the Chesapeake
Capes, where he will collect fourteen
battleships and cruisers and anchor
them at Hampton Roads next Friday.
Georgia Day at the Jamestown Exposition, which will be observed on
June 10, will, so far as the naval display is concerned, probably be the
greatest day of the exposition.

The President will view the combined
foreign and United States fleets. As he
approaches in the Mayflower, more
than thirty-five ships will rear a simultaneous salute of twenty-one guns
each, and as he passes each ship will
singly fire a twenty-one-gun salute.

All ships will be fully dressed with a
rainbow of bunting, and at night all
will be illuminated.

CALIFORNIAN NABBED IN PARIS.

CALIFORNIAN NABBED IN PARIS.

BEVERLY

BETWEEN THE CITY

AND THE SEA"

Country Places of 2 to 5 Acres With Sewer System, Gas. Water, Electricity and Telephones

Can you imagine a country place located on the top of a pretty foothill, with a winding avenue-oil-tamped streets and cement ourbs—reaching from the electric line to your very door?

A location from which you can see from Old Baldy to the Ocean?

A real country place, with fresh air and country charms?

A country place with just the same conveniences and luxuries you could enjoy in thickest-settled part of the city?

A country place where you have seclusion without isolation, privacy without privation? A country place from which speedy ears spin you into the heart of the city in just the right length of time?

A country place surrounded by other country places each an individual little kingdom
a picturesque community of splendid country estates, not any two of which are alike?

When you consider that homes costing as much as \$20,000 are being built and planned for these estates, you may feel sure that these country places have an attractiveness far in excess of any description we might print.

In spite of the vast expense of the improvements, prices are temptingly low. If you have any love for a real country home of the better class, you will enjoy a trip to Beverly Hills just to see

below these country places, in the beautiful high meas, im-

entary tickets may be had at our office with most interesting information.

How To Get There

Take cars at Los Angeles-Pacific Sepet on 4th street marks

"Beverly," through Hollywood, also "Beverly" or "Westgate," on the 18th street line. The last above-mentioned cars may be taken surviv on Hill street north of 16th street, or on 16th street, west at

desert, and no longer is a man hanged by the neck to some lone cottonwood tree for taking another man's borse. It was lucky for Fred Myton that this is so, for, according to a complaint which has just been disposed of in the Superior Court, Mr. Myton might otherwise be flying around in the crops of a flock of buzzards.

of a flock of buzzards.

Myton is said to be the son of a wealthy and well-known man in Sait Lake City. He recently went to the Silver Lake district in San Bernardino county, to engage in the mining business and possibly pick up a few bonanzas on the side.

Myton had a complete outfit, as was proper for the son of a wealthy man. He pitched his tent in the camp and stocked it with a plethora of "grub" and good things generally, including

and good things generally, including an extra pair of socks. He also sported a large revolver and a deadly rifle of large caliber. It wasn't going to be his fault if he didn't make a success of the mining business on the jump. For about twenty-four hours, Sliver Lake, which, by the way, is full of sand, speculated on the chances of stock at a reasonable price, and then settled down again to its accustomed task of raking gold nuggets out of the holes in the hills. But there was one immate of the camp who apparently desired a closer as quaintance with Mr. Myton than was in the end good for his health.

Mrs. Bowman, Miss Minnie Bowman, who is assistant superior in a Missouri convent. She came out to visit be mother at a time when the home of the guardian was quarantined, and found the cottage where Mrs. Bowman in what she declared to be a filthy condition.

Samuel declared that the house where his grandmother lived had been neglected somewhat because his wife had not been able to visit it for several days, and because John Bowman was a tippler and shiftless. In regard to the acceptance of the realty, he simply stated that he was human, and did not object to receiving the present.

Mrs. Bowman herself was very unwilling to go to any institution, not having any of her daughter's regard for such places. She begged to be allowed to remain in her home, even though it had been a shocking place in the estimation of the sister perior.

On the first day of the trial, two weeks ago, when Miss Bowman had testified to the conditions she as testified to the conditions she found in her mether's house, she was slapped in the face by her sister, Mrs. Luden, mother of Fred D. Samuel, it is said.

TWO VICTIMS OF CARS. Switchman Killed in Santa Fe Yards and Mexican on Los Angeles-Pacific Tracks.

Inquests over the bodies of L. B.
Wright and an unidentified Mexican, both supposed to by victims of car ac-cidents, will be held today at the Bre-sea morror.

cidents, will be held today at the Bresee morgue.

Wright fived at No. 246 Clarence street and worked as switchman in the Santa Fé yards. Tuesday night he left for work as usual and departed into the darkness of the yards. It is supposed that he was struck by a freight car. making a "flying switch." He was thrown beneath the trucks and both legs were ground off. He died before help could reach him.

A Mexican laborer was struck by an outbound Santa Monica car yesterday morning near the Boults Meadows junction. He had been at work near the tracks, and is supposed to have stepped from one track to avoid an approaching car, and gone directly in the path of a car headed in the opposite direction.

He was brought to the city and taken to the Receiving Hospital. He was aliye when placed on the operating table, but surgical aid proved unavafling and he died.

WILLIAM J. BREWER.

GOLDFIELD SENDS ONE OF HER BEST.

William J. Brewer, president of the Goldfield Chamber of Commerce, arrived in Los Angeles yesterday and is at Hotel Alexandria. Mr. Brewer was chairman of the Reception Committee that entertained the party of Los Angeles business men who recently made an excursion to Nevada. He has come down here to buy a few carloads of lumber and do a little shopping in other lines. Mrs. Brewer will join him later and will spend a part of the summer here. Mr. Brewer says the tedious delays in getting freight to town by the northern route have turned general attention to the Los Angeles rall outlet, as shorter and more direct, and Goldfield trade is bound to come to Los Angeles. In fact it is already coming. If the Clark road gives the quick freight service that has been promised, most of the business of the Southern Nevada mining towns will be diverted to this city. Mr. Brewer will receive many courtesies while here. He is one of the leaders of Goldfield and has just succeeded Millton Detch as president of the Chamber of Commerce.

EVERY VOTE NEEDED.

supplying information on every con-ceivable feature of the water enter-

concerning "big names for little things," there's what's called the "opposition to the Owens River project."

The Kalser has not expressed his sentiments concerning the French English-Japanese alliance. He need not do so. Imagination still has its uses.

Judge Cieland of Chicago asserts

The word in favor of the Owens River bonds should be larger than the total vote at the last city election, and it should be twenty or thirty to one.

To be unable to cast a vote next

Judge Cleland of Chicago asserts that women are much harder to reform than men. But the men make up in numbers what they lack in stubborn-Tuesday will be a misfortune to any citizen. To be able to vote and not do

so will be a disgrace.

We think San Francisco should change her name to Jobtown on account of her troubles, and also to emphasize the job that has been set up on her.

A Pittsburgh dispatch says that smalls are plentiful. It is a surprise to learn that anything as slow as a small would have anything to do with that town.

Let Count Okuma come over himself and meet "Red" Hayes with pitchfortz, thus saving both nations the trouble and expense of engaging in a bloody and costily war.

Tust now we know of nothing that the spectacle of a San Francisco editor pretending that he isn't afraid to say what he thinks.

The State of Kansas has sued the State of Colorado. Colorado may as the state of Colorado may as the state

The State of Kansas has sued the State of Colorado. Colorado may as well throw up her hands. Kansas knows more law in a minute than all the other States in the Union know in a year.

The number of divorces is enormous, but they are refreshingly insignificant when compared with the number of married couples that remain happily bound together. Let us not be so pessionsitie.

the throes of strife created by a murderous gang, the leaders of the Inde-pendent Workers of the World, the ringleaders of thieves and murderers. Commerce is held back in New York by a strike of stevedores who enfor their unjust demands by every act o violence that they can commit. Com merce is tied up all along the seaports of France by a similar mob. Smaller disturbances prevail at a hundre other industrial centers.

everywhere. The cowardly bust men of San Francisco are suing to the enemies of industrial peace for peace on unjust terms. Resolute men are fighting for peace wherever this war never to get it. To fight for peace means to conquer a peace which shall be lasting. There can be no peace in the industrial world until the Yerkin the industrial town or the Appomattox of the strug-gle is reached. It cannot be permawhose voice is always for war unless they are allowed to control every

This is the most vital question this day. It is like the war for independence, or the war for the Union. It overshadows every other question of the hour. Every other interest If there remains a citizen of Los Angeles who has not made up his mind as to how he should vote on the Owens River bond question, it is either one who does not read or one who has no mind worth talking about. Every detail of the aqueduct project has been expounded thoroughly. For almost two years The Times has been supplying information on every conmust lie in abeyance until this qu

# CCLENCE NOTES.

The Tungsten Lamp.

Experiments have proven that an 85-candle-power tungsten lamp consumes only 105 watts of electricity—less than 11½ watts per candle power. An ordinary incandescent lamp consumes 3½ watts per candle power. Therefore, the same amount of light can be had with tungsten lamps at one-third of the cost it can be had from the old carbon flament incandescent lamps. The life of the new tungsten lamps approximately 1000 hours, and it appears to be equally good on direct or alternating current. While the osmium lamp, in the opinion of Dr. Clayton H. Sharp, in spite of its high efficiency and long life, seems precluded from exercising

Special guests were: Miss E. A. Lampman, superintendent of nurses at the hospital; Miss Douglass, assistant superintendent; Miss Cunin. Miss Maude Howe, Miss G. Tucker, Miss E. K. Wright, Miss M. Wright and Prof. Gifford.

Riverside and Back, June 8th, \$1.75. \$1.75—\$1.75—\$1.75.

We urge all our friends to work and vote for the Owens River Water Bonds Election, Wednesday, June 12.

## oods learance eather

Unreasonable as it may seem, the valuations quoted below are fair and exact--you'll freely admit that fact the moment you see the articles in question.

Velvet, silk and elastic belts in black, blue, pink and white, with fancy buckles, \$2; were \$5 to \$12. Suede leather belts in brown, tans, blues, greens, reds, white and black, with both back and front buckles, \$2.50 each; values up to \$4.00.

Gold, silver and gunmetal belt buckles worth \$2 to \$6.50 now a dollar each. (Leather goods Section, facing main entrance.)

# Waists at Third Off

Over 500

On Sale Friday, Not Today.

Real savings of a third on new wash waists, at THIS end of the season, means bargains in the truest sense of that much abused word.

The collection slated for tomorrow's clearance includes our own surplus stocks together with over two hundred sample waists which a traveling salesman, finishing his trip, sold to us on Monday at a third off.

Fine lawns, linens, nets and chiffon taffetas, correct in cut and exquisitely trimmed.

\$7.50 waists \$5.00 \$1.50 waists \$1.00 \$2.00 waists \$1.25 \$8.75 waists \$5.75 \$10.00 waists \$6.65 \$3.00 waists \$2.00 \$3.75 waists \$2.50 \$12.00 waists \$8.00 \$15.00 waists \$10.00 \$4.50 waists \$3.00 \$25.00 waists \$15.00 \$5.00 waists \$3.35

(On sale Friday; not today. Second Floor.)

# Splendid Variety in Reduced Muslinwear

An extremely pleasing feature of this Muslinwear sale, aside from the beauty and goodness of the garments, is the breadth of styles and wide Pariety offered. If the first garment you see doesn't exactly suit you, there are half a dozen others to choose from, and we've prepared in such ample manner that even towards the close of an unusually busy week, we've practically as good an assortment of styles and sizes, at each price, as when the sale began.

Corset covers, drawers, gowns, chemises, petticoats and short skirts are in the sale

\$6.50 and \$7.00 values for...\$5.00

# Beautiful Silk Dresses

Worth to \$35.00 Let's see; \$35 is just about half of \$68.50. isn't it? And it stands to reason that a dress made and designed to sell for \$68.50 is a better bargain at \$35 than the dress that nobody ever ever thought of asking more than \$35 for.

So, when we give you choice of a dozen or more of the newest style silk dresses that one of New York's foremost makers has put out this season, at \$35, it's the part of wisdom to look them over pretty critically before investing your \$35 in something else.

The garments are shown in very stylish taffetas and foulards, both light and dark colors, with plenty of medium shades, too; there are the new block checks, now so fashionable, stripes in hairline effect; pretty plaids; plain black or dark blue; satin stripe silks and other of the novelties that this spring has produced in high grade silks. Bought in the ordinary way, they'd sell between \$45 and \$68.50; some, perhaps, for as little as \$37.50—none less—and the majority the higher priced ones. Princess and two-piece models, cleverly designed and tailored.

# 35c to 50c Ruchings 25c

Today a sale of ruchings in lengths that are just a nuisance to us, but the very ones you'd like to have. They're oddments from the lines that plain white, and combinations of white with blue, black, pink, lavender, and other shades. Great values at 25c a yard, while they last.

# **Baldwin Refrigerators for** Government Hospitals ... Twenty-Second Year ...

The Baldwin Refrigerator Company has been notified that its proposal to furnish the U. S. public health and marine hospital service with refrigerators for the current fiscal year has been accepted, making the twenty-second consacutive year that this important branch of the government service has adopted the Baldwin dry air refrigerator for use in all its hospitals and quarantine stations. So highly were these refrigerators regarded by the surgeons and stewards as far back as 1884-1885, that one of them was included in the government exhibit at world's exposition, New Orleans, marked "Standard refrigerator for hospital use."—Burlington Free Press, August 18, 1906.

using the bottom flour first and thus make it last forever; or placing a pile of dollars in your pocket and by taking off the bottom dollar, make the pile of dollars in your pocket and by taking off the bottom dollar, make the pile of dollars last always.

"If you pump water from the San Fernando valley it will recede at the top, just as fast as your pile of dollars or your barrel of flour. You can't add by one gallon to the water supply by means of pumps in the San Fernando Valley; the same result inevitably follows. We have got to the end of our rope, and the shoestring antiexed to the City is our only hopt. If we get the Owens River, as its lines were intentionally fixed so as to cover certain known water-bearing lands."

He has now been called upon to pass a very difficult examination in practical internal medione. It was held in the clinic of the famous Vienna professor, Neusser, and was conducted by Hofrath Prof. Zuckerkandl. and Prof. Orth. A patient was laid upon the demonstration table as the subject for the Count's diagnosis. The examination lasted an hour and was attended by a large number of doctors and students. The professors, gave the examinée high praise, and encouraged him to prepare for his final examination. It is hardly expected that the Count will enter the ranks of practicing doctors, but will use his knowledge merely for his own gratification.

D ESURVEY OF CALIFORNIA.

DETERMINE HOW MUCH THE EARTHQUAKE MOVED THINGS.

Acetylene Searchlights Proved to Have Superior Value in Fine Scientific Work-Investigations Being Prosecuted About the Bay gion and Along the Coast.

The use of acetylene searchlights by the United States Geodetic Survey, in connection with the resurvey of California since the earthquake, is one of considerable public interest as demonapparatus in the finest scientific work, says the New York Commerwork, says the New York Commercial. The object of this work is to determine just how much of the earth's crust about San Francisco was displaced during the quake s year ago. It has been found that by means of sectylene the signals can be flashed as far as sixty miles, and that it is common, night after night to cast them over distances ranging from thirty to sixty miles. sixty miles. For the purpose of this survey one observation station was established on the top of Grizzly Peak, the highest in the range of hills near Berkeley. This station is one of a series of observatories that have been placed on Mt. Diablo, about thirty miles back of Berkeley; on Snow Mountain, north of Petaluma; on Mt. Tamalpais, in Marin county, and in the San Bruno Hills, south of San Francisco.

the San Bruno Hills, south of San Francisco.
Sidney C. Myers of Berkeley was placed in charge of the Grizzly Peak station, where observations were made from sunrise until 9:30 o'clock in the morning and from 2:30 o'clock in the afternoon until 9:30 o'clock in the afternoon until 9:30 o'clock at night. The relative locations of the peaks where the observatories have been established was determined by the government a number of years ago, and it has been an easy matter to determine just how much the surface was moved during the recent selsmic disturbances. To determine the new lines between the peaks by the use of hellographs, searchights and magnetic needles has been the work of the survey. Points of the compass were determined by the magnetic needle.

The observers have already determined

magnetic needle.

The observers have already determined that the displacement of the earth's crust in that part of California at the time of the quake was considerable. The exact figures will be announced within a short time, when the work is completed. Following the

his rights, without regard to whether be belongs to the union or not. Gray's conduct is to be reported to the Supervisors, with a petition for his removal PURE FOOD AGITATION.

Agitation over pure food has reached Arizona. On evidence of a discharged employe, the Mayor of Douglas and the County Board of Health have just finished inspection of the store of the Copper Queen Company at Dougla, where it was represented that a quantity of spoiled haims were being offeres for sile. The prosecution fell flat and the company was acquitted, though the complainant, E. H. Butter, identified the particular lot of hams he had in mind. The complaint was published in a local organ of the striking miners.

Prof. A. E. Douglas of the University of Arizona delivered the address of the Occasion at the commencement of the Bisbee High School. The school is only two years old and the graduating class numbered only two, John Blair and Roy Newman.

After years of effort and discouragement, the Salvation Army has founded a post in Bisbee under Capt. F. N. Carpenter.

At the final meeting of the Bisbee Woman's Club for this season, Mrs. G. N. Buxton was elected president and Mrs. Bennett, corresponding secretary, Topusis is to have a country club.

# DUST CLEAN

This wonderful discovery by the HEGYI CHEMICAL COMPANY is a chemical mixture which attracts and absorbs every particle of dust, and thoroughly and perfectly cleans all carpets, rugs, all floor coverings, and also cleans the floors themselves.

DUST CLEAN is used and recommended by all of the leading stores in Los Angeles. We can show to you a volume of written endorsements from the leading merchants of this city for this product.

1. Dust is kept down in the room while it is being swept.
2. Scrubbing and mopping are done away with.
3. Linoleums are kept fresh and bright and carpets and rugs preserve their color.
4. Dust in corners is attracted, absorbed and removed.
5. Every germ and microbe is destroyed and the room thoroughly disinfected.
6. Not only cleans the carpets but purifies the atmosphere.

The demand for DUST CLEAN has been so great that the company has decided to introduce and manufacture the product in every large city in the United States. This is the sole reason for our being able to make this unusual offering, and the proceeds of this sale of the treasury stock will be used for the purpose of introducing and manufacturing DUST CLEAN in the other large cities of the country. There is an unlimited field for extension and enormous profits are certain.

IT IS A VERY RARE THING to be able to buy into a company not only already established, but one that is making such magnificent profits, and this offer is open only for a few days, as the remaining shares will be quickly subscribed. If you will call at our offices we will be pleased to give full information regarding the product and the shares.

The capitalization of the company is only \$50,000, divided into 10,000 shares, of the par value of \$5 each.

The capitalization of the company is only \$50,000, divided into 10,000 shares, of the par value of \$5 each. This limited stock offering is at the price of \$5 per share. As soon as these are taken there will be no more stock offered at any price, and within a year, by which time the company will be paying at least 50 per cent. in dividends the shares will be worth from \$100 to \$200 each.

Among all of our successful offerings, this is without doubt the richest and best opportunity which we have ever had to offer to our clients, and we urge, you to communicate with us as soon as you have read this announcement, stating how many shares you wish us to reserve.

Remember that 10 per cent. profit is absolutely guaranteed, and that the profits will be many times greater than that inside of a year. Act today. Out of town investors may telegraph reservations at our expense.

TO BUILD NEW LINE.

Grant Bros. Southern California railroad contractors, have moved a large grading outfit into the Canapea district to begin construction on a road which will connect Cananea with Imuris Station on the Sonora Railroad, south of Nogales. The new line will be about fifty miles in length. This will give the Southern Pacific its own road into Cananea, both from the United States, from the main line junction point of Benson, and from tidewater at Guaymas.

The construction of this line seems to definitely settle in the negative the rumor that the Southern Pacific was to build from Fairbank to Naco. There seems to be a general impression that the main line of the Southern Pacific through the western part of Mexico will find its outlet into the United States through Douglas and thence northward to a connection with the present Southern Pacific road, somewhere between Bowle and Lordsburg. Fireman J. O. Benton, who was recently killed in the wreck of the El Paso and Southwestern, west of El Paso, was a resident of Douglas.

Persons whose diet is composed of most wholesome foods are comparatively free from disease and are active mentally and

The Greatest Industrial Enterprise on the Pacific Coast

It is not taking our word for this bold claim. We have the indisputable evidence of assays; the research of noted chemists and mineralogists, and the statements of competent engineers that the 4000 acres of deposits of crude soda of the great Death Valley Section, which are ours, positively holds the key to the Alkali industry of the United States. Coupled with this great resource in our control is also the control of a process which is a mighty revelation to the commercial chemists familiar with this industry. There is not a soap factory, laundry, glass manufacturer, oil refiner, dry cleaning, dye works, photographer, bakery and a hundred other industries but are dependent upon some form of soda product as an important element in his business. The trade of the Pacific Coast last year called for over Fifty Million Pounds of the products we will make from these natural deposits of Crude Soda.

An Industry Worth Millions Open For the Masses

We have placed the shares of our company on the market for general subscription and to prove their popularity. The first allotment of 50,000 shares were sold quickly. The money from this sale we have at once put to work at the erection of our first plant, which will make Soda Ash. Ask Messrs. Greenleaf, Compton Co., Trust Building, Second and Spring, about it. They can tell you the size, capacity, and when and what it will make. This first unit of our great chemical establishment will have a capacity ample enough to make in profit each year at least \$100,000, at the current market price on this coast for Soda Ash.

If you will come to our office, we will show you letters above the signature of some of the best industrial firms of California inquiring about and for our product, offering us their business; and let us say right here, that it would take two such sized factories as we are now building to take care of this waiting business. It is for this reason that we now place this second allotment of stock on the market at \$1.00 per share, that we may readily have sufficient funds to build the second unit of our industry. And we refer you below to a very liberal offer of a bonus of common shares with certain quantities of theses preferred shares for your purchase within this week. You shouldn't, in justice to yourself, pass our proposition. Laird J. Stabler, A. M., Protessor of Metal-lurgy and Chemistry, University of So. Cal., Says: "With the tremendous abundance of natural soda here, which does not exist in the eastern states, the home of present alkali in-dustry in the U. S., I see no reason why your company should not control the sale of above compounds on this coast."

Hon. Lewis E. Aubury, State Mineralogist says: "I know of scarcely any investment which would be productive of more certain and profitable returns than the manufacture of soda

The Conversion of a natural resource-limitless in extentinto a high-priced, marketable commodity.

The Pacific Coast States Will Now Control the Alkali

Industry of the U.S.—Los Angeles Will Be Its Center
We take a great deal of pride in our effort to help in the upbuilding of the industrial side of Los Angeles and the
great southwest. We have a worthy enterprise—one of great profit-earning capacity; and also one that will be
directly instrumental in making possible many other industrial enterprises that are largely dependent upon soda
in some form in its successful conduct. We offer the investor a far better and wider industry than Borax mining
has been, and almost everybody is familiar with the fortunes that have been made in that field. We can prove to
your entire satisfaction that what we say is absolutely true.

25% Annual Dividends Should Be An Easy Matter

We have no hesitancy in our belief about a 25 per cent. or better dividend, and to prove our faith, here is
what we have done in offering these preferred shares—we say to you, we do not want one cent profit until you
as a preferred share owner have had 7 per cent. per annum, then we will share in the same profit, and after that
the stock earns equally the same and each and every preferred share has the same voting privileges that the common has. This is perfectly fair—and let us say as a further inducement for a few days only we will offer you a chance to get common shares free.

25 shares free with ... 100
50 shares free with ... 200
100 shares free with ... 400
125 shares free with ... 500

1250 shares free with ... 5000

Special One Week Offer .....

For a few days only, we will give this bonus of 25 shares of Common Stock with each 100 shares of Preferred as an inducement to help us quickly complete the amount necessary for the building of this second plant.

Further-To people in California, Nevada and Arizona we will pay their entire expense to come and investigate our proposition, if they will buy 2000 shares of Preferred Stock at \$1-and will also pay their way if it is not as we represent, after they have investigated. This bonus also applies to their purchase.

It will pay you to at least investigate—that won't cost you a cent and may put you in touch with a way to make a fortune.

INGLEWOOD VOTES TODAY. the Sixth Class Is Before Voters of That Community, INGLEWOOD, June 5.—Ton

Angeles and Redondo and Los Angeles-Pacific electric lines. It will be election day, and the advocates of incorporation and those who are lined up in opposition to the creation of a municipality of the 1000 acres of truck gardens, barley fields, popcorn farms, chicken ranches and happy homes are waging one of the warmest battles

waging one of the warmest battles ever experienced in any community near to Los Angeles.

After several unsuccessful attempts to bring the issue to a head, the petitioners for incorporation finally succeeded in prevailing upon the County Supervisors to call an election.

Following that call, the campaign was commenced and now the fight finds the Inglewood Water Company standing for incorporation, while the antis are being assisted in their fight by the independent water company.

There are two tickets in the field, that for incorporation being composed of W. J. Thomas, Harry Martin, W. H. Kelso and John Aerick for Trustees; I. Timmons for Marshal, Ed Morrison for clerk, and George Brown for treasurer.

The antis today launched a news-

about twenty-five votes. The incorporationists are supported in their fight by the Inglewood Times, a weekly newspaper that was launched a year ago.

Good auto roads to Coronado now MAGNATE SURE LIFTER.

President of Electric Railway Line Handles Heavy Pouches of Mail OCEAN PARK. June 5.—One of the early morning sights of the beash yes terday was that of Gen. M. H. Sher-

man, one of the owners of the Los An-geles-Pacific electric line, tugging a few. The ostensible purpose of the visit was the inspection of a possibit home-site for one of Mr. Huntington's companions. Comment by the railway magnate, coupled with the recent putition for freight-carrying privileges, has induced the belief that he was chiedly interested in the route for city extensions of the electric line for which the Pacific Ricetric Company has been granted franchises.

The proposal of an extension to Monrovia Cañon, a popular recreation ground, has been regarded with some favor by railway officials and it is hoped that, in conjunction with the construction of the main line eastward, this spur to the mountains and a loop through the principal residence section will be built.

FATAL ACCIDENT IN YARDS AT SAN BERNARDING.

Santa Fe Shopman Receives In-juries from Which He Dies a Few Hours Later—Attorneys in Will Case Are Warned About Approach-

IBY DIRECT WIRE TO THE TIMES.]

[BY DIRECT WIRE TO THE TIMES.]
SAN BERNARDINO, June 5.—[Exclusive Dispatch.] William Blackburn, a Santa Fé bridge earfenier, was run over this afternoon by a freight train in the local yards, and died this evening at the County Hospital. His right leg and arm were severed.

Blackburn was crossing the yards and had stopped between two cars, supposing they were sidetricked to stay several hours. Suddenly the engine coupled on and threw Backburn across the rail. His cries brought instant help.

childhood's home in Germany.

He seemed to be in perfect health. Just before the ship touched the shore of the Fatherland, the great elation which the brewer felt over once more viewing the beloved country of his nativity, suddenly ended his life. The widow started home at once with the body, which left New York this morning for San Bernardino.

He leaves a widow and several children.

ATTORNEYS WARNED.

One of the features of the Ruffen will case today was a warning to attorneys by Judge Oster, who said it had come to his knowledge that attorneys inferested in the contest had made a practice of talking to the jurymen. The court warned the attorneys to desist and directed that any juryman who was approached or with whom any attorney or other person attempted to talk of a case should report the matter at once to the court, and the law would be at once applied.

tion broke into the Bowman house, drew sacks over husband and wife and with a revolver covering them is alleged to have taken flendish liber-ties. The fact that the husband lay for over twenty minutes allowing such liberties resulted in a jury disagree

TAKES BEER INTO JAIL TAKES BEER INTO JAIL.

Mrs. Anna Fourborn was lodged in the County Jail this morning by Deputy Sheriff Cha-les Ward to answer the charge of smuggling beer into the jail. Mrs. Fourborn hails from Rediands. She called at the jail to visit the two Huntington sisters, who are serving time for stealing clothing from the residence of the Episcopal clergyman at Rediands, and when a bundle which she carried was searched the jailer's wife discovered the beer in bottles. Mrs. Fourborn declares that she had bought the liquor as sona pop, and was not aware that it was really beer. She will be arranged before Justice Thomas June 10.

CABBY DRIVES OFF ROBBERS.

PROTECTS RICH FARES.

Santa Barbara Driver Has an Adventure While Returning in Deep Darkness from a Trip to Montecito. Police Are Looking for the Highwaymen—Auto Party's Michaps.

SANTA BARBARA, June 5.-Driver

SANTA BARBARA, June 5.—Driver Montgomery, of the City Cab Company, foiled an attempted hold-up on the eastern boulevard early this morning, scattering three highwaymen with his whip.

Montgomery had taken a party to a dinner-dance, out in the Montecito. It was after midnight when he was homeward bound. It was as dark as a pocket on the lonely road. Suddenly out of the gloom and thicket at the roadside leaped three men.

They grabbed at the horses' heads and commanded the driver to "climb down." He didn't climb, but just plied his lash vigorously upon the nearest of the highwaymen. Then, whipping up his horses, he sped homeward without giving the thleves a chance at the rich fares he was conveying.

chance at the rich fares he was conveying.

The police were notified and soon rounded up a quartette of seedy ones. But as they came from Los Angeles and proved an alibi, they were liberated in court today. The police believe that vagrants from San Francisco, in search of richer southern fields, attempted the crime.

AUTO PARTY SNAPS AXLES.

brought from Mayor Hanford the words quoted. A hurry call was sent by the Mayor for Attorneys Katz and Goodell, and they, with City Attorney Swing, got into a wrangle over the meaning of the law, and confusion followed.

While Mayor Hanford was hurrying back to the Council chamber, after telephoning for Attorney Katz, he met Street Superintendent Florey, who stropped him to inquire when Florey should bring up the mater of closing a bertain bridge, which is regarded as unaste.

"You go to h—l," replied the Mayor warmly, as he hurried, on.
"If I do, I'll find you there," was Browys rejoinder.

ELOPEMENT—FORGIVENESS.

A Los Angeles party of autoists, in two big machines, left here, northward bound, today, after a series of accidents. While climbing the grade on the Casitas Pass, an axle broke and the dangerous grade was traversed with difficulty.

When the party reached Gaviota, north of this city, another axle snapped. The damage was repaired here and the party took a freeh start. The travelers are Mr. and Mrs. William B. Bayley, Jr., Miss Frances Rowan, Miss Brownie Coulter, Irene Kelly, Mr. and Mrs. J. V. G. Posey, Ralph Williams, B. F. Mansfield, E. Anthony and C. Coulter.

ELOPEMENT—FORGIVENESS.

# Money Saving Is Increasing People are gradually learning its enormous value. Never in the history of this country has the saving habit been so

popular as it is today.

The "fever" has attacked both young and old, and the savings banks are overflowing with deposits.

The savings banks are safe, but the interest paid is only about 3 per cent., which is hardly a fair profit.

In contrast to this the Continental Building & Loan Association of San Francisco

The Continental Building & Loan Association 129 South Broadway, Los Angele ASSETS \$3,000,000.00

which is known as a co-operative bank, pays

that we urged you to buy "Crackerjack Geld" stock when it was offered
the public at 15c per share; we again
urged les purchase when it was selling
at 25c; still again we begged you to
buy when the stock was listed on the
Sam Francisco Stock Exchange Board
and was salable around 30c per share
(a price representing a profit of 100
per cent. to those who took our advice
early); then we advised its purchase
when it reached 35c; now we urge
you most earnestly to buy at the price
at which the stock is being traded in,
around 40c per share. The future
profit in "Grackerjack Gold" will be
even greater than that of the past,
because every day's work brings the
property nearer the producing stage.
